

# WANTED

## 100 Youth Delegates Representing Middle and High Schools or Community Youth Groups in Cobb County

### **WHAT IS THE COBB ALCOHOL TASKFORCE YOUTH COUNCIL?**

It's a movement, a youth-led movement. Never before has an issue required the guts and spirit of youth to move it forward; to shake the cages of communities everywhere to make changes, to rattle adults out of complacency, and to rub the sleep out of politician's eyes and get them to wake up to the problem of underage and youth binge drinking that affects thousands of youth everyday. The *Take It Back Movement* is about youth power, youth influence, youth brains--multiplied! It's about imagining the future different, telling the truth, using data to back the story, refusing censorship, staying at the edge, creating action, and generating results. It's about Cobb County youth coming together to make a difference in underage and youth binge drinking.

- WHO -** Middle or high school student; representing an existing school or community youth group located in Cobb County.
