

Nobody in the world has developed a Protein to compared with 75 years of developing the best soy protein in the world  
- It's our Shaklee Difference -

**The Power  
of the  
Protein is  
the Power  
of the  
Amino  
Acids**

Histidine  
Isoleucine  
Leucine  
Lysine  
Methionine  
Phenylalanine  
Threonine  
Tryptophan  
Valine

**THE CLINICAL EVIDENCE**  
*Shaklee Soy Protein Drink Mixes*

The nine essential amino acids are formulated into one product using low heat (50 degrees), leaving the amino acids in a live form and the enzymes in tact. The cellulose is removed so the amino acids are readily available to the body.
