TTP Arts

A Centre for Lifelong Learning

TTP ARTS is a performing arts group for people with special needs.

TTP ARTS is about creating authentic opportunities for people who have never been stars, to take centre stage.

TTP Arts runs over 4 terms each year and provides opportunities for performance and participation in:

- Music
- Dance
- Theatre
- Choir etc.

There will also be public performances!

TTP ARTS is a shining example of acceptance and community spirit as everyone involved works together to create an opportunity for individuals to excel.

Why performing arts?

The performing arts offer a great deal to individuals who have special needs.

Some benefits include:

- *providing a leisure opportunity and creative outlet;*
- *encouraging team-work;*
- *fostering listening and following directions;*
- *developing confidence, social interaction, communication and self-expression;*
- *experiencing the joy and fun of performing for and entertaining an audience.*

Equally valuable is how the performing arts can develop individual talents and interests.

How can I participate?

The Tertiary PLACE organises and coordinates TTP Arts.

Members of The Tertiary PLACE automatically will be part of TTP Arts.

People who are not part of The Tertiary PLACE can still participate. Just call and speak to our friendly staff.

TTP Arts operates one day a week at our centre in Murarrie.
