PakNatural™ Loose Fill

SSI Packaging is proud to introduce a new Loose Fill product manufactured by one of our preferred suppliers Sealed Air, called **PakNatural™**. This is an innovative protective packaging product made from 95% non-food, renewable materials.

Some of the sustainable properties of **PakNatural™** are:

- Made from Natural Grain
- No Chemicals or Additives
- Will not Attract Rodents
- Provides Superior Protection
- Good Cushioning Properties
- Superior Void Fill Efficiency
- Increased Strength
- Naturally Anti-Static
- Will not Dust
- Not Sensitive to Light
- Better Humidity Resistance
- Repels Water
- 100% Biodegradable
- 100% Renewable
- Price Competitive

This product offers sustainability and performance benefits at a competitive price, giving our clients another option to meet their protective packaging needs.

To learn more about **PakNatural™** loose fill, please call 804.649.1111 or visit us on the web at www.ssipackaging.com.

Remember: “we help you pack and track your image”®
