SIRE JMB Dateline 754 T

SON of *Thin Red Line (P) RIF*

Thin Red Line was 15 months old and running with 20 heifers when we saw him in southern Alberta in May 2010. I was impressed with his length and strength of spine. His feet, legs and temperament were faultless. He has a wonderful head, head extension, good testicles and sheath. Three top bulls in his pedigree include Dateline, Dateline Son and Mastercard. Suitable for heifer or mature cow joining.
