### **In Case Of An Emergency:**

There will be a cell phone number available at camp that parents may call in an emergency. The number will be given out a few weeks before camp begins. This phone will be with a Preteen Camp Staff person 24 hours a day. DO NOT call the Pineywoods office as this is not a Pineywoods Camp. Please call only if there is an emergency. Emergency messages that need to be delivered to a camper will be given to their sponsor and the sponsor will be responsible for getting the message to your child. Only emergency messages will be delivered.

Do not use this phone number to call your child to see how the week is going. Campers are not allowed to use this phone. Also, any call to your child can trigger a rash of homesickness that can destroy the week for your child and some of those around them.

### **Medication:**

State Law requires that ALL medication be kept at the Clinic/First Aid Station. This means all Rx and OTC medications for adults and children. There is a supply of common OTC medications in the Clinic/First Aid Station, and it is available 24 hours a day.

1. All medication must be in its properly labeled bottle.
2. All Rx medication must be in the properly labeled bottle that came from the pharmacy. It must have the camper's name, the name of the medication with time and dosing instructions on the label.
3. Do not send medication for siblings in the same Rx bottle unless both names are on the pharmacy typed label.
4. If physician's samples are sent, they must be accompanied by the physician's written instructions, with the camper's name and dosing instructions.
5. Do not send any medication in daily pillboxes, unmarked bottles, envelopes, baggies, etc.
6. If medication is not sent in the properly label bottle, it will not be given.

### **Returning Home:**

Activities go through lunch on Wednesday for Camp 1, and lunch on Saturday for Camp 2. Dorms will be checked before anyone can leave camp.
