

**2010-2011 Middle School Elective Selection Form**

In Middle School, students will be able to select one elective course. All students will take the core course subjects for their grade level. This would include Bible, History, Science, and English. For 8<sup>th</sup> grade students, there is an option of taking Algebra I, which would count towards their high school graduation credits in Math. However, this privilege is reserved for honors students and those who have placed highest in Math, based on their 7<sup>th</sup> grade Math results (in class and in the SAT results). All other 8<sup>th</sup> grade students will take Pre-Algebra. 7<sup>th</sup> grade students will take the grade appropriate Math course for their grade level. All 7<sup>th</sup> and 8<sup>th</sup> graders will take PE.

When selecting your elective choice, indicate by priority (1, 2, 3, etc.).
